

## Resident Parking

A region of Faculty Garage 1, consisting of 40 parking spaces, and a region of Staff Garage 2, consisting of 30 parking spaces, are designated Resident Parking. Resident/fellow parking is confined to these spaces and clearly marked with signage.

Parking designated as Resident Parking is available daily on a “first come, first served” basis.

When parking designated as Resident Parking becomes filled, residents and fellows may use the UTSW student parking garage or parking provided by Parkland.
