

## Excellence in pediatric care: U.S. News & World Report Best Children's Hospitals rankings (2024-2025)

Oct. 8, 2024

To the UT Southwestern Community:

Last week marked an important milestone in our 60-plus-year partnership with Children's Health as we broke ground on our new pediatric campus in Dallas, symbolizing our unwavering commitment to improving the lives of children and their families. That dedication to exceptional care and service is once again reflected in the news this morning that, for the seventh consecutive year, *U.S. News & World Report* has ranked Children's Medical Center Dallas nationally in all 11 specialty areas – the only hospital in North Texas, and one of a select few in the nation, to achieve such distinction. Children's Medical Center Dallas is also ranked the No. 1 children's hospital in Dallas-Fort Worth and No. 2 in Texas.

Please join us in congratulating our colleagues in the UT Southwestern Pediatric Group – faculty, advanced practice providers, staff, and trainees – for these impressive outcomes:

- No. 2 Orthopedics (a joint program with Scottish Rite for Children)
- No. 8 Urology
- No. 10 Gastroenterology & GI Surgery
- No. 15 Cardiology & Heart Surgery
- No. 17 Neonatology
- No. 18 Cancer
- No. 18 Neurology & Neurosurgery
- No. 20 Nephrology
- No. 20 Pulmonology & Lung Surgery
- No. 21 Diabetes & Endocrinology
- Top 50 Behavioral Health (The nation's top 50 Pediatric & Adolescent Behavioral Health programs were not assigned a numerical rank.)

These honors recognize the excellence exhibited daily in our quest to provide the best possible outcomes for every child and family who seeks our expertise. We look forward to the opportunity to care for more pediatric patients in the years ahead as our new joint campus takes shape to meet the needs of the rapidly growing Dallas-Fort Worth region.

Once again, we want to congratulate our pediatric teams at UT Southwestern, Children's Health, and Scottish Rite on this national recognition.

Daniel K. Podolsky, M.D.  
President  
UT Southwestern Medical Center

Jonathan Efron, M.D.  
Executive Vice President for Health System Affairs  
UT Southwestern Medical Center

W. P. Andrew Lee, M.D.
