

Reminder: Nominations due July 23 for Leaders in Clinical Excellence Awards

July 17, 2024

To the UT Southwestern Community:

Last month, we wrote to announce the opening of the nomination period for the 2024 [Leaders in Clinical Excellence Awards](#)— an opportunity to honor physicians across our Health System who embody the very best of UT Southwestern in our service to our patients, their families, our community, and each other.

With the July 23 deadline for nominations now less than one week away, we write again to encourage you to submit your recommendations.

As a reminder, there are seven categories to consider, including the Patricia and William L. Watson Jr., M.D. Award for Excellence in Clinical Medicine, UT Southwestern's highest honor in clinical care. Each of the awards provides a meaningful way to recognize clinical faculty for their dedication to exceptional clinical care, mentorship, leadership, innovation, and compassion.

Please visit our [Clinical Faculty Awards site](#) to review the eligibility requirements and to [submit nominations online](#). Ideally, we would like to see every clinical department represented among this year's nominees. Regrettably, we currently lack nominations for many departments, and we could use your help to change that.

Thank you in advance for acknowledging those whose achievements are worthy of special recognition. We look forward to shining a spotlight on this year's winners on November 14 and to celebrating the breadth of excellence across our hospitals, clinics, and affiliated partners, all of whom bring distinction to UT Southwestern.
