

2nd International Neuroscience Nursing Research Symposium

Program Agenda

Time	Presenter	Title
7:45	Linda Chan & Amy Weaver	Introduction and Welcome
8:00	Linda Littlejohns	Five Studies that Have Not Been Done, But Should
8:15	Baylan Haraya	Lived-Word of Nurses Working in Stroke Units
8:30	Belle Rogado	An Evaluation of Stroke Nursing Competency-Based Education Program
8:45	Mohammed Teleb	Development and Validation of a Stroke Van
9:00	Jan Hinkle	Sentence Structure Analysis in Patients with Ischemic Stroke
Break (9:15-9:30)		
9:30	Dinah Hernandez	Cavernous Sinus and Superior Ophthalmic Vein Thrombectomy: A Case Report
9:45	Jan Buelow	Developing an Epilepsy Communication Tool
10:00	Jane von Gaudecker	Living with Epilepsy in India
10:15	Meng Cheung	Designing a Study to Examine Barriers to Seeking Care in Epilepsy Surgery Centers
10:30	Malissa Mulkey	Assessing for Delirium in the Elderly Patient
Break (10:45-11:00)		
11:00	Maria Gray	Shivering Control in the Neurologically Impaired Patient
11:15	Vishnu Renjith	Effectiveness of a Multicomponent Intervention on Clinical Outcomes of Patients with Migraine
11:30	Pamela Newland	The Emerging Role of the Gut Microbiome in Adult Patients With Multiple Sclerosis
11:45	Janet Morrison	A Cognitive Self-Management Intervention for Persons with Multiple Sclerosis: Adapting Web-based Technology
12:00	Rozina Bhimani	Lived Experience of Patients with Muscle Tightness Syndrome
12:15	Charles Nadolski	Developing Evidence to Support Neuroscience Nursing Staffing Ratios
Lunch (12:30-13:15)		
13:15	Michael Rogers	Assessing Sedation Needs in the Neurocritical Care Setting
13:30	Cathy Cartwright	Lumbar Puncture Opening Pressure is Not a Reliable Measure of Intracranial Pressure in Children
13:45	Stefany Ortez	Secondary Brain Injury in the ICU: How does the Health Team's Care Modify the Clinical Events that Cause It?
14:00	Jessica DeWitt	Antibiotics Without a Cause: Antibiotic Use in External Ventricular Drains
14:15	DaiWai Olson	Intracranial Pressure is a Poor Measure of Intracranial Dynamics
Break (14:30-14:45)		
14:45	Vishnu Renjith	Mixed Methods in Neurosciences Nursing
15:00	Wendy Miller	Using of Big Data to Inform Neuro Nursing Research
15:15	Dawn Tymianski	Complex Roles in Complex Organizations: Rethinking Medical Errors
15:30	Lori Rhudy	Surveillance and Change of Shift Handoff
Break (15:45-16:00)		
16:00	Theresa Green	Who is WHO in Stroke
16:15	Wende Fedder	Nursing Dysphagia Assessment
16:30	Abdul Kamal	An Amharic Term for Stroke
16:45	Baylan Haraya	A Life in Paradox: Experiences of Young Adult Stroke Survivors
17:00	Linda Chan & Amy Weaver	Closing Remarks
