

Postdoctoral Fellow in Blood Cell Production and Blood Cancers

A postdoctoral training position is available in the laboratory of [Dr. Lily Huang](#), in the **Department of Cell Biology** at UT Southwestern Medical Center to study **blood cell production and blood cancers**. The [Huang Lab](#) has several exciting projects related to **stress-specific mechanisms in hematopoietic regeneration and hematological malignancies, and hematopoietic stem cell cell-fate decision**.

Candidates must hold a recent Ph.D. and/or M.D. degree. Experience in **molecular and cell biology techniques and mouse models** leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at <http://www.utsouthwestern.edu/postdocs>.

Interested individuals should send a CV, statement of interests, and a list of three references to:
